

EOR
in Practice Day

Discover your future career

 Tilburg University Campus

 Auberge du Bonheur

 November 28

Introduction

EOR in Practice Day

The EOR in Practice Day enables you to take the next step in your career by getting to know leading companies in the field of Econometrics and Operations Research. After the event, you will know how Econometrics is applied to solve the most exciting business challenges.

The event starts with an opening speech from an interesting guest speaker. After this, you can join presentations and speeddates with the companies of your preference. This is followed by a lunch together with the company representatives so you can connect in a more informal way. You will then be matched with a group of other students to work on a case presented by one of the companies. Finally, the day closes with an informal drink at the Grand Cafe Esplanade.

The event is a perfect opportunity to expand your network, discover at which companies you would like to work, explore which MSc. program you are most excited about, or find interesting internship positions. It challenges you to step outside of your comfort zone, identify your talents, and see how this can be used to create value for companies.

This booklet describes which companies will be present and what you can expect from the event.

Hope to see you at the event!

Companies:	7	Speaker:	To be announced
Students:	70	Location:	Tilburg University
Participation fee:	€0,-	Drinks:	Grand Cafe Esplanade
Evaluation 2022:	8.6/10	Lunch:	Auberge du Bonheur

- **Lunch at Bonheur** 12.30 – 14.00 hours

In the afternoon, we walk towards the Warande Forest for a luxurious two-course lunch at Auberge de Bonheur. Enjoy excellent food and drinks while being seated with a different company during each course. This is a great opportunity to expand your network.

- **Company case** 14.15 – 17.00 hours

In groups of 4 or 5 students, you will work on a challenge presented by the organization of your preference. The cases represent real-world problems that give a good impression of what it is like to work for the company. Drinks and snacks are provided while solving the case.

- **Networking drink** 17.15 – 18.00 hours

At the end of the day, we close the event with an informal drink at the Grand Cafe Esplanade. The representatives of the participating companies will be present here as well. We invited a photographer to take pictures you can use for your LinkedIn profile, making sure that you will leave a professional impression on all new people you have met during the day.

ADC is a Data & AI Consultancy driving the responsible adoption of data and AI to create real impact for organisations that matter. We support our clients achieve their goals through data-driven solutions with deep industry expertise, including Financial Services, Public & Society, Healthcare & Life Sciences, and Agriculture. Bij Sprenkels werk je in een dynamische omgeving, met inspirerende collega's in multidisciplinaire teams. Verantwoordelijkheid, ondernemerschap en vrijheid kenmerken onze cultuur. Bij ons leer je veel, groei je snel en heb je vanaf de start direct contact met opdrachtgevers. We houden niet van bureaucratische processen, onnodige hiërarchie en formeel gedoe.

Bij Sprenkels werken veel econometristen die zich bezighouden met investment consulting en/of actuariële dienstverlening. Maar wij hebben ook riskmanagers, projectmanagers, communicatiespecialisten en juristen in dienst.

Samen met ruim 80 collega's werk je rechtstreeks voor onze klanten waaronder pensioenfondsen, verzekeraars, werkgevers en goede doelen. We werken veel samen op ons kantoor naast de Johan Cruijff Arena in Amsterdam of in onze vestiging in Rotterdam. Vanwege de sfeer en omdat we zo van elkaar leren. Daarnaast heb je ook de flexibiliteit om thuis te werken.

The Cefetra Group consists of various agricultural and food ingredients trading and supply chain management companies. Collectively we employ over 600 people across 35 offices in 20 countries around the world.

In our Rotterdam Office 3 of our entities can be found as well as our holding company. Around 150 colleagues can be found at our office in the city centre of Rotterdam, between the Maas River and the iconic Markthal. Some of our colleagues have been working at Cefetra for 30 years but we also often employ work students or interns. It is a nice mix of young and a bit more senior, Dutch, and other nationalities, men as well as women. What we all have in common, is an entrepreneurial mindset and a real “roll up your sleeves and get things done” mentality.

In this agricultural commodity trading business, we develop supply chains with suppliers and create value by sourcing raw materials and supplying those to the international feed and food industry. Our goal is to make the supply chains we operate in more sustainable, both ecologically and socially.

Working at Cefetra means working at departments such as Trading, Logistics & Execution, Finance & Data and Support (a.o. Sustainability). We work in an open culture where your authenticity and hard work are appreciated.

De Koninklijke Luchtvaart Maatschappij NV (KLM Royal Dutch Airlines) is the national airline of the Netherlands. KLM's home port is Schiphol Airport near Amsterdam. The head office is in Amstelveen. KLM operates worldwide and forms the core of the KLM Group, which also includes KLM Cityhopper, Martinair and Transavia. KLM merged with Air France in 2004 to form the holding company Air France-KLM. KLM and Air France are both active as network companies under the holding company. KLM achieves its turnover from three core activities: passenger transport, freight transport and aircraft maintenance.

Do you want to work with smart, helpful and driven colleagues? Do you want a substantive challenge and learn a lot? Then Ortec Finance is your place!

Working at Ortec Finance means working in an organization where long-term (customer) relationships are central. An environment in which colleagues are willing to help each other and customers. We offer you an organizational culture in which you can develop and get the best out of yourself. The culture is informal, flat and friendly. But also innovative: how can we jointly make the work of our customers – but also our own work – better, more efficient and easier? Good ideas are always welcome. We give you all the space you need to develop your talents and applaud entrepreneurship.

Ortec Finance is the leading provider of risk and return management technology and solutions. Our goal is to empower people to manage the complexity of investment decisions. We do this by delivering industry-leading technologies and investment decision solutions to financial institutions around the world. Municipalities and tax partnerships also belong to our clientele. Our strength lies in an effective combination of advanced models, innovative technology and in-depth market knowledge

At Pipple, we strongly believe in the power of mathematics and A.I. to make a positive impact on our world. For us, data is invaluable for any organisation, and we transform this data with mathematics and A.I. into valuable insights and practical solutions. Our Pippelaars create the most optimal solutions for our clients.

With our extensive experience and track record in innovative data solutions, we emphasise collaboration and creativity to make organisations more efficient. From developing strategies to implementing customised software solutions, we build the foundation for data and A.I. solutions. Moreover, we strive to train teams with our own Pipple Academy and raise their level of knowledge.

At Pipple, we also place great value on our unique culture. Our work is based on a positive humanity and worldview. For us, it's all about trust that you get directly, rather than having to earn it. We encourage personal development, give responsibility and give our employees the freedom to work in their own way. Moreover, we attach great importance to fun and team activities. We organise monthly Pipple days and Pipple TechTalks and go on annual ski holidays with our entire team.

Get to work on the future of us all.
Start your career at bol.com!

At bol.com, our will to improve is part of our nature. Today, we are the largest retail tech platform of the Benelux. Tomorrow, we continue to advance our platform for a better future for us all. But we can't do this alone. We need people like you to join us on our journey.

Working at bol.com means:

- Building the future of retail | Help us break new ground and stay ahead of the curve.
- Being 100% you | There is no 'typical' bol.com employee. You get to be you. All the time.
- Growing | Dare to dream, dare to discover and dare to fail. We support you every step of the way.
- Thriving together | We work together to do better. That's how we create the store of us all.

Doing it your way | We trust you to work the way that works for you.
The future of retail could be in your hands.

Ready to start your career? Apply now.

Registrations

We invite you to join us at one of the largest career events for econometricians at Tilburg University. Please scan the QR code provided at the bottom of the page to register. We can only accommodate a limited number of students, so make sure to register in time!

The event promises to be an invaluable opportunity to delve into the practical aspects of Econometrics and Operations Research. By participating, you will have the chance to engage with professionals from renowned organizations in diverse industries. The companies will provide you with unique insights, share their expertise, and offer a glimpse into the exciting career possibilities that await you. You can also showcase your econometrics skills in a professional setting during one of the real-world business cases.

Don't miss out on this unique learning and networking opportunity!

Register now

Deadline: November 22

Scan the QR-code or visit asset-econometrics.com. Participation is free of charge. We welcome all Econometrics students registered at Tilburg University.

About Asset

Do you want to organize the next event of Asset | Econometrics?

If you've ever dreamt of organizing significant events or activities, this is your chance. You can become an active member in one of our committees. By doing so, you'll develop important soft skills, gain valuable organizational experience, and make connections with future employers. It's not just about learning; it's about having a great time while you're at it.

If you have any questions about a membership, feel free to contact us by sending an e-mail to info@Asset-Econometrics.nl. You are also welcome to visit us at our room E110 in the Esplanade Building.

Join us, and make your time at Tilburg University even more enriching and memorable!
